SILVER SERVICE

OPENING DOORS FOR BUSINESS

The Dynamic Silver Service team are dedicated to providing responsive, fast and effective service. Our clients depend on us to have their shop fronts and entries opening for business and closing for security.

DYNASTY® by DYNAMIC CLOSURES

DYNASTY SERIES 9100 | 9200 | 9300 | 9400 BI-FOLDING DOORS

The Dynasty® 9100, 9200, 9300 and 9400 Series offer a range of bi-folding doors with different stacking options. The Dynasty Series offer a truly dynamic and multipurpose design, providing stylish and secure closures. They are a popular choice for wide entrances and applications including:

- **Commercial shop fronts**
- **Shopping centres**
- **Shop windows**
- **Retail outlets**
- **Serveries**
- **Counters**
- **Bars & restaurants**
- **Hotel kitchens**
- **Kiosks**
- **Cafés**

Dynasty bi-folding doors are versatile and easy to operate. There are no floor tracks, removable mullions, or the need for complicated bulkheads. The design provides flexibility and can be operated without the need of costly motorisation.

The Dynasty Series is engineered for performance and exudes a luxurious contemporary finish with the option of clear laminated wide glass or perforated panels – ideal for continuous shopfront exposure or a semi-transparent breathable barrier.

SPECIFICATIONS

CONSTRUCTION

Meeting styles shall be interlocking extruded aluminium members (**32mm x 72mm**). Framed sections shall be extruded from aluminium and panel numbers designed to suit plans provided and opening sizes. Should fixed panels be required they shall be of matching construction.

LOCKING

Access panels shall incorporate heavy duty auto retractable cylinder locks or optional Egress Handle. All other panels shall be secured with a conveniently located shootbolt system that will lock into a specially designed dust resistant floor socket. Master keyed cylinders (if required) shall be supplied by others.
